Kathmandu, Nepal

## SUMMARY

Motivated frontend developer with hands-on experience in Angular, TypeScript, JavaScript, and RESTful APIs integration. Proficient in HTML, CSS, TailwindCSS, Angular Material, Spring Boot (basics), MySQL, and PostgreSQL. Committed to continuous learning and growth in the field of web development.

## EXPERIENCE

### Independent Client (Contract)

#### Angular Developer

Dec 2025 - May 2026

- Built scalable, modular frontend features using Angular, TypeScript, and RxJS following architectural best practices.
- Integrated REST APIs and implemented robust authentication workflows with role-based access control.

### Aadim Innovation

#### Angular Developer

Dec 2023 - May 2025

- Developed web applications utilizing Angular, TypeScript, and JavaScript while integrating REST APIs with a Spring Boot backend.
- Collaborated with senior developers to implement frontend features and enhance the overall user interface.

## SKILLS

- Languages: TypeScript, JavaScript, HTML, CSS, Python, Java
- Frameworks & Libraries: Angular, RxJS, Tailwind CSS, Angular Material, PrimeNG, React, Spring Boot
- Databases: PostgreSQL, MySQL
- Tools & Practices: Git, Jira, RESTful APIs, Postman, Requirement Analysis, Unit & E2E Testing

## PROJECTS

### Astrology Focused Dating App (SealedMatch) | [sealedmatch.com]

A mobile-first application that connects users based on astrological compatibility, featuring custom matchmaking logic and intuitive profile management capabilities.

### School Content Management System

A web-based platform that simplifies the creation and administration of educational websites, providing intuitive content management tools and interfaces for seamless real-time updates.

### Physical Assessment Report Generator

A reporting system that streamlines the evaluation of student performance in physical education, generating customized report cards based on activity metrics and game participation.

### College Hub Nepal | [collegehubnepal.com]

A centralized educational directory platform designed to help users efficiently discover, filter, and compare comprehensive information regarding colleges, academic courses, and universities across Nepal.

## EDUCATION

### Aadim National College

Apr 2021 - Dec 2025

#### Bachelor of Computer Application

Major Courses: Java, Data Structure and Algorithms, Web Technology, Scripting Language, Database Management System, Dot Net Technology

### Texas International College

Jul 2018 - Nov 2020

#### Higher Secondary

Physical Science: Physics, Chemistry, Mathematics
